# "Earth, Wind, Water And Fire"

Visit "[Earth, Wind, Water And Fire](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Earth, wind, water & fire  
Cause I would ride through stormy weathers  
Just to show you how much I love you

(I love you!)

I love your eyes,  
Love your smile,  
Love your funky hair  
I Love your walk,  
Love your talk and the things you dare  
Love you, love you,  
Yes I do  
Love me not or love me too  
Honey, honey, peekaboo  
I'm in love with you

Come baby,  
Tell me what you wanna do  
Maybe we could get together soon,  
Baby see the fire in my eyes  
Yeah, You've got me hypnotised

Earth, wind, water & fire  
Can't get in the way when I'm running to you  
Cause I would ride through stormy weathers  
Just to show you how much I love you

(I love you)

I love candy,  
I love sweets,  
maybe ice cream too  
Gummybears and chocolate hearts make me think of  
you  
Open open sesame  
I've got goodies,  
come and see  
Honey, honey, peekaboo  
I'm in love with you

Come baby,

tell me where you wanna go  
Maybe Paris,  
maybe Tokyo  
Lady see the fire in my eyes  
Yeah, You've got me hypnotised

Earth, wind, water & fire  
Can't get in the way when I'm running to you  
Cause I would ride through stormy weathers  
Just to show you how much I love you

(Come baby)  
(I love you!)  
(I love you!)

Earth, wind, water & fire  
Come baby  
Earth, wind, water & fire  
You've got me hypnotised ...

Earth, wind, water & fire  
Can't get in the way when I'm running to you  
(Come baby!)  
Cause I would ride through stormy weathers  
Just to show you how much I love you

Come baby,  
tell me what you wanna do  
Maybe we could get together soon,  
Baby see the fire in my eyes  
Yeah, You've got me hypnotised

Earth, wind, water & fire  
Can't get in the way when I'm running to you  
(Come baby!)  
Cause I would ride through stormy weathers  
Just to show you how much I love you  
(I love you!)
