Are there a lot of mistakes in your past maybe you
got a second chance or maybe you didn't lockout
things
don't always work out but you can be happy

Chorus:
life is full of second chances
you just got to know where to look

Did something happen a long time ago that made you
wander where you should go where did you end up was
it nice or was it a dump

Chorus:

Life has aÂ...
lot of choicesÂ...
that have toÂ...
be madeÂ...
so make them good ones
