Sometimes I wonder if there's someone watching out  
for you for me and everybody

Sometimes I wish upon a well and wonder if I could  
tell if he's there for you for me and everybody

Chorus:

And he's there for you and he's there for me and he's  
there for everybody

Sometimes I wish upon a star wondering where you are  
what I should be doing is praying you name and now  
I feel ashamed because I know

Chorus:

He's there for you he's there for me he's there for  
everybody should of known it all along

He's there for you he's there for me he's there for  
everybody it doesn't matter what you've done where  
you are or what you're doing

Chorus:

He's there for you he's there for me he's there for  
everybody
