Momma said: be careful what you do, yeah you.  
She said, don't you let just anybody talk to you, no no  
no

I can't hide the way you make me feel inside  
I'm afraid if momma only knew, it feels right

Chorus:

If you want me, you got me,  
and if you need me, you got me all night  
And if you love me, you got me all night long

I confess I love the things you do, yes I do  
Your caress keeps me coming back to you, only you

Chorus:

If you want me, you got me,  
and if you need me, you got me all night  
And if you love me, you got me all night long

(Instrumental break)

Chorus:

If you want me, you got me,  
and if you need me, you got me all night  
And if you love me, you got me all night long

Chorus:

If you want me, you got me,  
and if you need me, you got me all night  
And if you love me, you got me all night long
