The reconstruction of my ego  
Got me always busy  
So I don't give a fuck about your phone calls  
your practice in stereotype building  
reflects you're always in  
don't quit or you'll be treated like a no-one  
what  
will your friends say  
about your pixelated buttons  
of apple logos since 81?  
Leave me ba-be-leave me  
Cause you're gone to far  
Leave me  
Cause you're gone too far  
Your art culture  
Based on tv sellings  
Increases your discussions  
And justifies your cock activity  
You must thank  
Tour court of fake friends  
If your girl is into doggy  
To find a little bit of self esteem  
Leave me ba-be-leave me  
Cause you're gone to far  
Leave me  
Cause you're gone too far
