Playstation top scores are a waste of time  
Interviews on telephone are a waste of time  
Friday evening, wash your car  
Come on waste your time  
Save money for your girlfriend, such a waste of time

We keep on dancing wasting our time  
We keep on dancing wasting our time

Reach middle class wage it's a waste of time  
Soul mate seeking on the net is a waste of time  
Peep tangas that surround you  
Instead of going straight ahead

We keep on dancing wasting our time  
We keep on dancing wasting our time
