Down the street, up the drive  
Park the car, step outside  
Across the lawn, up the stairs  
On the porch, I'm getting there

Key in the lock, through the door  
Down the hall I've walked  
So many times before  
I'm dog tired but I don't care  
Bedroom door, I'm getting there

She's got a hundred candles burning  
She's got next to nothing on yeah yeah

{Chorus}:  
Baby, I'm home  
I've been away way too long  
I've been waitin', I've been workin'  
Wantin' you so bad it's hurtin'  
Now I'm back where I belong  
Baby, I'm home

My arms around you, your lips to mine  
Feel our hearts beat-beatin' in time  
Hands in your hair, everywhere  
I hear you whisper, I'm gettin' there

She's got a hundred candles burning

They'll be burning all night long  
Yeah yeah

{Chorus}

Every night without you  
I've been dreamin' 'bout tonight  
Missin' everything about you  
Girl there's no place like...

Baby, I'm home  
I've been away way too long  
Baby, I'm home

I've been away way too long

{Chorus}

Yeah baby, I'm home  
Oh I couldn't wait to get here  
Yeah baby, I'm home  
Let me lock the door  
Close the curtains  
That's what I been missin' right there  
Looks like it's gonna be a long night  
I miss you
