Troubled soul, all alone  
I can feel your sadness  
The heartache and the madness  
Are hittin' hard tonight

You're cornered up and hunkered down  
The walls are tall around you  
For anyone to break through  
It's gonna be a fight

Bring it on, bring it on  
All your heartache and frustration  
You've been done wrong too long  
And I'm strong enough to change it  
Maybe in time, we'll turn water into wine  
Maybe love is what we'll find  
Bring it on

It's not too late to fly away  
And I won't try to stop you  
So you do what you've got to  
I'll understand

But if you need a place to land  
A haven, safe and certain  
Someone to share your burden  
Then take my hand

And bring it on, bring it on  
All your heartache and frustration  
You've been done wrong too long  
And I'm man enough to change it  
Maybe in time, we'll turn water into wine  
Maybe love is what we'll find  
Bring it on

Bring it on, bring it on  
All your anger and frustration  
You've been done wrong too long  
And I'm man enough to change it  
Maybe in time, we'll turn water into wine  
Maybe love is what we'll find

Bring it on

Yeah, bring it on, baby

Baby, bring it on

Bring it on

Yeah, bring it on

Bring it on
