Long day, Long week
Baby let me lay you down and get you off your feet.
What you waiting for?
My heart's an open door.
There is nothing I love more than when you come see
me-e-e-e-e-e-e-e-e.
I've got what you need.
Baby come see me.
Slow touch, slow kiss.
I just want to take my time and taste you on my lips and
if you need
Anything, any little thing, just let me be your
everything.
Come see me-e-e-e-e-e-e.
I've got what you need.
Baby come see me.
I want to love you.
Baby let me love you.
Come see me-e-e-e-e-e-e-e-e.
I've got what you need.
Come see me-e-e-e-e-e.
Baby come see mee.
Long day, long week.
Baby come see me.
