I remember when kissing you would take all night
Love was new back then, the moment was always right
I apologize, I can't believe how long it's been
So put your lips to mine and let's do that again

We could talk it over
But baby, talk is cheap
So come a little closer
I'll show you what I mean

'Cause I remember how it felt to be skin on skin
Girl, right here right now, oh, let's do that again
Hmm, yeah, let's do that again

We can talk it over
But baby, talk is cheap
So come a little closer
And I'll show you what I mean

Girl, can you believe it's already 2 a.m.
No, I don't need no sleep, let's do that again
Baby, let's do that again

Hmm, oh, again and again
Let's do that again
Again and again
