Seems like everytime I turn around  
Another ten commandments is comin' down  
As if this country revolves around  
The people who hate my God

They want Him out of the courthouse  
And out of the schools  
Off the airways and under the pews  
I think it's time we remind those fools  
Of something that they forgot

That there's more of us  
Than there are of them  
Don't you think we've taken enough  
Of all this givin' in  
It's bout time for pushin' back  
Watcha say we take a stand  
I'm talkin to the Red, White, and Blue  
Tried and through proud American friends  
Remember there's more of us  
Than there are of them

Now listen  
I know we've learned to talk the talk  
But now it's time we walk the walk  
With one voice we oughta call a halt  
To the madness in D.C.  
We gotta change the course they've got us on  
Double check whose side they're really on  
Seems to me they've got this country wrong  
It belongs to you and me

That's right

Yeah there's more of us  
Than there are of them  
Don't you think we've taken enough  
Of all this givin' in  
It's bout time for pushin back  
Watcha say we take a stand  
I'm talkin to the Red, White, and Blue

Tried and through proud American friends  
Remember there's more of us  
Than there are of them

Yeah

I think it's that time for packin' back  
Whatcha say we take a stand  
I'm talkin to the Red, White, and Blue  
Tried and through proud American friends  
Remember there's more of us  
There's a whole lot more of us  
Than there are of them
