So what if you made a fool of me?  
So what if you're the last thing I need?  
So what if you're there all alone?  
So what if I answer the phone?

So what, so what if I do  
Hold out hope that we ain't through?  
You tell me that I can't keep loving you  
Well so what, so what if I do?  
So what, so what if I do?

So what if it's just for tonight?  
So what if it's one more last time?  
So what if I close my eyes?  
So what if I pretend you're mine?

So what, so what if I do  
Hold out hope that we ain't through?  
You tell me that I can't keep loving you  
Well so what, so what if I do?  
So what, so what if I do?

So what if I can't tell you no?  
So what if I'm not starting now?  
So what if I can't let you go?  
So what if I don't know how?

So what, so what if I do  
Hold out hope that we ain't through?  
You tell me that I can't keep loving you  
Well so what, so what if I do?  
So what, so what if I do?  
So what if I do?  
So what if I do?  
So what if I do?
