Why you talkin' with 'em baby?  
How come they're sippin' on ice cold beer?  
Why you rubbin' maybelline on 'em,  
when you should be puttin' those lips right here  
They look lonely and need some kissin',  
so why you sittin' way over there?  
Bring 'em on over, you got my permission to get to  
puttin' them lips right here  
(chorus)  
On mine, all night  
Any other thing you're thinking 'bout doing tonight,  
tonight  
wouldn't be nothing but a waste of time for them lips  
I want to make this crystal clear,  
you see this big smile smiling back at you babe,  
well i want you to put your lips right here.  
(chorus)  
On mine, all night  
Any other thing you're thinking 'bout doing tonight,  
tonight  
wouldn't be nothing but a waste of time for them lips.
