Back in 39 she was 26
The wife of a soldier tryin' to raise four kids
On rationed out beans and watered down milk
Tryin' to keep 'em all warm with a patchwork quilt
That great depression ended about 1945
But grandma lived to be 92
See, tough times don't last
Tough people do

Tough people pull themselves up by the bootstraps
When they hit hard luck
And they stay strong and they keep on fightin'
Like they don't know how to lose
Tough times don't last
Tough people do

Those talkin' heads on cnn
Say we'll never get out of this hole we're in
Price of gas is up and the market's down
And there's a bunch of empty houses in every town
Well, I'd interrupt that program with a little headline of
my own
This just in from the old red, white and blue
Tough times don't last
Tough people do

Tough people pull themselves up by the bootstraps
When they hit hard luck
And they stay strong and they keep on fightin'
Like they don't know how to lose
Tough times don't last
Tough people do

I've been out of work since mid july
My bank account's about bone dry
Been lookin' for a job no luck so far
But I bought a little time when I sold my car
Well, I'll go dig a ditch if that's what it takes
Baby, somehow or another we'll get through

Tough times don't last

Tough times don't last
Tough people do
Tough people do
