This is my retribution,
This is my resolutionÂ¥ yeah

I don't care (and never will again)
Why you're here (because I know you lied)
History has a way of repeating
You're a bitch with a gift for deceiving

[Pre-Chorus:]
But I found out what you're all about
And burned the bed we shared
You disrespectful little (whore!)

I walked in (the smell of sex was clear)
And saw your sin (could not believe my eyes)
Fought the urge to deliver a beating
Comforted by the guilt you'll be feeling

[Pre-Chorus]

[Chorus:]
This is my retribution
The guilt inside will come alive
There's nothing left to say.
You're to blame!
It's a state of "evolution"
This is my resolution
The guilt you hide consumes your life

Burning bedÂ¥ I see red
History has a way of repeating
You're a bitch with a gift for deceiving

[Pre-Chorus]

[Chorus]
