"Let Me Go"

When You Wanted Me To Forgive
Everything you'd said & done
I believed you when you said I
Was the one
But I'm sick of your lies
You're dead in my eyes

[Chorus:]
I'm done with your sickness
So let me go cause
You're dead to me [x2]
I hate that I want you,
I love you no more
Let me go [x3]
You keep on coming
But you can't take nothing from me

Temptation and frustration
Can make a sinner out of saints
And faith, hope & love
These things I hold above
Anything or anyone

[2nd Pre-Chorus]
I should be hating you
For what you put me through
What's done is done
I'm moving on

[Chorus]

[Solo]

[Chorus]
