Tension in the night air  
Something's not right here  
Longing for a real hope  
Won't leave me standing  
A picture of a brand new life  
Holds my mind  
Grey skies are leaving  
Light is shining  
Living out another day  
Can feel like I'm falling  
Seeing life beyond the pain  
I'm going on  
Living life outside the shade  
Know where I belong  
Grey skies are leaving  
Light is shining  
Gonna sing, all day long  
Moving on, moving on  
A little bit longer, and I'll be  
Moving on moving on  
Living out the big fade  
Who is that calling?  
Soaking in reality  
Where time can't hold  
Believing things beyond the stain  
Hope is here now  
Grey skies are leaving, light is shining  
Gonna sing, all day long  
Moving on, Moving on  
A little bit longer, and I'll be  
Moving on moving on  
I fight and forget and regret when I see my time  
wasted  
I move, and fall and I call and see that He's waiting  
I see that He's waiting for me  
I see He's waiting  
He's waiting  
Living out the big fade  
Living on a bullet train  
Going on and on and on  
Gonna sing, all day long  
Moving on, Moving on

A little bit longer, and I'll be  
Moving on moving on  
Living out the big fade
