Mind your manners, watch your ways
Be a good boy, just behave
What's wrong with you?
Settle down keep your two feet on the ground
Sit up straight, stand up tall
Never falter, never fall

I stay in school
Make the grade
Never fail and never fade
Be a hero, be a star
Anything but what you are

Find a girl to possess
Always pay, pursue, protect
Be a master, be a slave
Work your way into an early grave

But you deserve to be loved
You deserve something real
It's time to heal, time to feel... love

Daddy's favourite little girl
Dress up in your mommy's pearls
Serve his breakfast in his bed
Earn a little kiss on the forehead
You are sugar, you are spice
You are growing up so nice
Paint your nails, paint your face
Paint around the empty space
Find a man who can provide
Try to fill the how inside
With a family and a home
Tell yourself you're not alone
Keep the memories of yourself
In a shoebox on the closet shelf

But you deserve to be loved
You deserve something real
It's time to heal, time to feel... love

I know somebody loves you

Somebody, somebody love you
