I know it's wrong, things that I do  
The way that I mistreated you  
But I know it's a sin, it's a sin

You stood and watched me from the side  
And you hung your head and cried  
Well, I know it's a sin, it's a sin

My baby told me from the start  
He said, "Darling, you're breaking my heart"  
But I know it's a sin, it's a sin

I know it's wrong, things that I do  
The way that I mistreated you  
But I know it's a sin, it's a sin  
Yes, I know it's a sin, it's a sin
