The world goes 'round
No one knows what it all means
You're still out there
Looking for a brand new scene

And I'm still here
Never have been hard to find
When new gets old
I'll be playing on your mind

When it all comes down
Look for me I'll still be around
When it all comes down
Look for me I'll still be around

The day will come
When there's nothing new to see
And then you'll know
Here is where you want to be

You know my song
Used to take your heart away
That same old feelin'
Is gonna bring you back to stay

When it all comes down
Look for me I'll still be around
When it all comes down
Look for me I'll still be around

When it all comes down
Look for me I'll still be around
When it all comes down
Look for me I'll still be around

When it all comes down
Look for me I'll still be around
When it all comes down
Look for me I'll still be around

When it all, yes it will
I'll still be around

When it all comes down
I'll still be around
When it all comes down
