A day without your presence is like a day without no air.
My doors are open.
I never told you that I feel this broken.
Back then for a while you made me feel important.
I try to hide it.
I try to lift my heavy eyelids.

So it seems that it's going nowhere.
Fly to me with domestic airlines.
It's 9.99€ if you buy a one way ticket to me and stay
with me for like.

Now that you're out of sight I can't describe these
feelings.
I know it was just one night.
It's the only thing that's on my mind tonight.

If you're afraid to move.
I'll double what they pay you.
This can't be the end.
I gotta find a way to make it happen.
If I shout you'll hear me.
But it's only wishful thinking.
I'm already sinking and I started to drink again 'cause
you are there and it's not very near.

I don't see you so I won't see no one.
The world out there is not for me. I'm locked inside.
I turn off my phone.

Now that you're out of sight I can't describe these
feeling.
I know it was just one night.
It's the only thing that's on my mind tonight.
