When I saw you for the first time,
I should've seen all your friends on a line.
You walked into my live two days too late.
I guess I kinda hate the phase we goin thru now.

Waiting too long will not help anyone.
I have to get it done.
The sooner I will make my moves it might leave only
wounds.
I know it's a vile thing to do but no one really cares if
I'm in love with you.
And you will have sex with me.
At least in my day dreams.
It all went well, until I saw you there...

... I keep my eye on you in a rush.
There's always a distance between us.
And it's again just waste of time.
I know she thinks that I'm too used.
Why did I have to sleep with you?
If I only could approach your friends now.
I'm already up for the next round...

I'm ready if you willing to keep our thing as a secret.
I'm aware that there is a threat of losing all your
friends.
What if we give it a week or two and then you'll see she
was nothing compared to you.
And you will have sex with me at least in my day
dreams.
It all went well until I saw you there...

... I keep my eye on you in a rush.
There's always a distance between us.
And it's again just waste of time.
I know she thinks that I'm too used.
Why did I have to sleep with you?
If I only could approach your friends now.
I'm already up for the next round...
