We made a date at five, you showed up at the right  
time  
I watched you from a distance, I didn't have the guts to  
be there  
So I'll meet you at my place and I'm doing this face to  
face  
Although you are sleeping, well at least it's not an e-  
mail

Darling don't cry  
Wipe that tear from your eye  
No, I won't say goodbye though we'll meet for the last  
time  
And I will not be very far  
The world is turning so fast  
Soon you'll find me, I'll be right here back in the middle  
class

I try not to awake you as I lay here for a while  
When I told you that I loved you, you nearly opened  
your eyes  
Take care of our baby and make sure that he will call  
his new father  
By his first name

Darling don't cry  
Wipe that tear from your eye  
No, I won't say goodbye though we'll meet for the last  
time  
And I will not be very far  
The world is turning so fast  
Soon you'll find me, I'll be right here back in the middle  
class

Darling don't cry  
Wipe that tear from your eye  
No, I won't say goodbye though we'll meet for the last  
time  
And I will not be very far The world is turning so fast  
Soon you'll find me, I'll be right here back in the middle  
class  
Soon you'll find me, I'll be right here back in the middle
