There's a cannon shooting coconut cream
40 gallons in a steady stream
There's a cannon shooting coconut cream
40 gallons in a steady stream

It's wing music to a happy cat
He likes his butterflies slow and fat
And wing music to a happy cat
He likes his butterflies slow and fat

Us little christians in a circle jerk
Til our daddy gets home from work
All us good christians in a circle jerk
Til our daddy gets home from work

There's a cannon shooting coconut cream
40 gallons in a steady stream
There's a cannon that shoots coconut cream
40 gallons in a steady stream
