

## Tragedy "Crucifier"

Visit "[Crucifier](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Strung up by the hungry hordes, left to decompose  
At the feet of sheep, modern day witch hunt  
Barbaric acts, scapegoats for the righteous cause  
Scapegoats for the righteous cause  
Crucifier, crucifier, crucifier, crucifier  
Seek out targets of practice, each time feeling  
More proud, bringing home the kill for devouring  
Displaying heads as trophies, displaying heads as trophies  
Crucifier, crucifier, crucifier, crucifier  
Carry out the valiant fight with the morals of a  
Perverted priest, hypocrisy is redundant  
Might obtained from the blood of others  
Demanding adherence to their own laws while  
Breaking them in secret, on the surface is sterility  
The filth is kept in hiding  
Crucifier, crucifier, crucifier, crucifier  
At the stake, under fire, you're a crucifier, crucifier
