He said I'm fabulously rich, c'mon just let's go.
She kinda bit her lip, jeez I don't know.
But I can guarantee
(I can guarantee)
They'll be no knock on the door
(I can guarantee)
I'm total pro
(They'll be no knock on the door)
That's what I'm here for.

I come from downtown, born and ready for you.
Armed with, Will and determination, and grace, too.

The secret rules of engagement, are hard to endorse.
When the appearance of conflict, meet the appearance
of force.
But I can guarantee,
(I can guarantee)
They'll be no knock on the door
(I can guarantee)
I'm total, pro here.
(They'll be no knock on the door)
That's what I'm here for

I come from downtown, born and ready for you.
Armed with, skill and it's frustration, and grace, too.
