"Don't Give Up"

Sittin' out on the corner watchin' people pass me by
How could she know she was talkin to the angel of light
What he said didn't sit right in her soul she needed
help
Could she talk to the One they said would be there He
said
Don't give up no matter what he says (no no)
Don't give up your life to him
Now she finds herself walking the street
Talking to the ones that have been decieved
Don't listen to the lies my friends she said
Now's the time to turn away
Turn your back and run away
