Tragically Hip

Coffee Girl

It's hard to leave your bed  
The cooling hot summer sheets  
Hangover hanging on by the fangs  
Walk to work on wild feet

And get to the back door  
Look around then turn the key  
Turn on all the lights  
Take down the chairs and make things neat

Hey there coffee girl  
Beautiful and disaffected  
It was perfect till  
He came along and wrecked it

Your favorite mix tape  
You popped it into the deck  
Don't care it's out of date  
Old Cat Power and classic Beck

Beware purveyors of cool

With their compacts of one  
Taking canons to fools  
When all you need's a BB gun

Hey there coffee girl  
Beautiful and disaffected  
It was perfect till  
He came along and wrecked it

One night he'll make you choose  
I am sorry but he will  
The hardscape or your shoes  
When the moon's behind the hill

Hey there coffee girl  
Beautiful and disaffected  
It was perfect till  
He came along and wrecked it

Hey there coffee girl  
Hey there coffee girl  
Hey there coffee girl  
Hey there coffee girl
