Angst on the planks, spittin' from a bridge  
Just to see how far down it really is  
Robbing a bank, jumping on a train  
Old antiques a man alone can entertain

It takes all your power  
To prove that you don't care  
I'm not Cordelia  
I will not be there  
I will not be there  
I will not be there

Tin can man, dragging from a car  
Just to see how alive you really are  
Marrying words, falling in your wake  
Just to tell what you can't eliminate

It takes all your power  
To prove that you don't care  
I'm not Cordelia  
I will not be there

Treading the boards, screaming out Macbeth  
Just to see how much bad luck you really get  
Jump in the ring with your hidden cape  
The bull can't decide, what it is that he really hates

It takes all your power  
To prove that you don't care  
I'm not Cordelia  
I will not be there  
There, I will not be there

Angst on the planks, spittin' from a bridge  
Just to see how far down it really is  
Robbing a bank, jumping on a train  
Old antiques a man alone can entertain

It takes all your power  
To prove that you don't care  
I'm not Cordelia  
I will not be there

I will not be there  
Not be there

Thief lingers on, on his hands and knees  
Must be one more thing here, I really need  
Die in your dreams, falling on your knife  
A thief blinded on the job, has to steal for life

It takes all your power  
To prove that you don't care  
I'm not Cordelia  
I will not be there  
Not be there  
I will not be there  
Not be there
