Sometimes when I'm walking
I dream I'm being taken for granted
It's then that I clearly imagine
The day that you take me for granted

You said one day you're gonna realize
You really have no sense of yourself
And with no way to take it back
You'll get frozen in your tracks, frozen in your tracks

Sometimes when we're talking
I feel like you're not even listening
It's then that I clearly remember
Rarely ever seeing you listening

You said when you gonna realize
You really have no sense of yourself
There's no way to take it back
You've been frozen in your tracks

Simpler than the rest
You don't do stupid games
You're not more complex
You don't lay violent blame

Tonight I was walking
Feeling alone on this planet
When all at once something stopped me
I realized I'd taken you for granted

And tonight I realized
I really have no sense of myself
No way to take it back
I am frozen in my tracks
I'm frozen in my tracks, frozen in my tracks
