Bring me back in shackles,
Hang me long out in the sun.
Exonerate me, forget about me
I recommend measures for ending this.
Lover, she simply slams the door.
She says, "You're gonna miss me.
Wait and you'll see. Fully, completely."
I ponder the endlessness of the stars,
Ignoring said same of my father.
Either it'll move me,
Or it'll move right through me.
Fully, completely.
(Instr)

Well, bring me back in shackles,
And hang me long out in the sun.
Exonerate me then forget about me
Oh wait and you'll see, just wait and you'll see.
Fully, completely
Fully, completely
Fully, completely
