"Oh Honey"

Oh hot air baloon, your ropes drag in the ground
In the light of the moon, leaving without a sound
Take on that world, gonna go through the night
You dont have to take on the world you said,
Just get on its good side

Wherever it is
Wherever it was
Oh honey if its, getting beyond ya

You said memories compress, even northern lights
With nothing to wreck, you dont have to work the
darkside

Wherever it is
Wherever it was
Oh honey when its getting beyond ya
Oh hoeny if its getting beyond ya
Oh honey if its getting beyond ya
Oh honey if its getting us
