I wrote unfriendly things, truly cruel
On the day that you were born
To prove that words cannot touch beauty, but I was torn

I put it off, I put it off, I put it off again
I put it off, I put it off, I put it off again

I made degenerate art for the religious right
On the day that you were born
I had a passion to experiment, but I was torn

I put it off, I put it off, I put it off again
I put it off, I put it off, I put it off again
I put it off, I put it off, I put it off again
I put it off, I put it off, I put it off, I put it off again
I put it off, I put it off, I put it off again

I played 'Love Tara' by Eric's Trip
On the day that you were born
I had to find the cuteness in the unadorned

I put it off, I put it off, I put it off again
I put it on, I put it on, I put it on again
I put it on, I put it on, I put it on again
I put it on, I put it on, I put it on again
