Thompson girl, I'm stranded at the unique motel
Thompson girl, winterfighter's shot on the car as well
Looks like Christmas at 55 degrees
This latitude weakens my knees, Thompson girl

Grunt work somewhere between dream and duty
Poking through with all them shoots of beauty

Thompson girl walking from Church hill
Across the icy world with polar bears it's mostly uphill
But when she saw that nickel stack
She whistled hard and I whistled back, Thompson girl

Grunt work, time between dream and duty
Poking through with all them shoots of beauty

Grunt work somewhere between dream and duty
Poking through with all them shoots of beauty

Thompson girl, were down to the dead houseplants
Thompson girl, we've jettisoned everything we can
She says, springtime's coming wait 'til you see it
Poking through with them shoots of beauty
It's the end of rent-a-movie weather, it's time to end
this siege together

Thompson girl, Thompson girl, Thompson girl,
Thompson girl
