Liquor and whores  
Liquor and whores  
Cigarettes and dope and mustard and bologna  
Liquor and whores

I went down  
Drinkin' at the Legion  
I met a girl she was nice  
She was pretty and pleasing

She said "Hey boy  
We should do some marrying"  
I said sure but before we do  
There's something that you should know

I like  
Liquor and whores  
Liquor and whores  
Cigarettes and dope and mustard and bologna  
Liquor and whores...

Then one night down at the legion  
She walked in, I was drunk on gin  
Dancin with a lady friend  
She said hey boy, You'd better fly the fuck home  
I said no cause five little words I coulda  
Swore I said to you

I like  
Liquor and whores  
Liquor and whores  
Cigarettes and dope and mustard and bologna  
Liquor and whores...
