Fake it, until you just can't trust yourself
Without it falling away, you do this everyday
Baby, you're just one more maybe.

She's a drama queen, noooo
She's not that type, but you know what I mean
Always serene, she's easy on the eyes
But ohhh there goes my pride
There's no telling what, what goes on inside
Baby, you're just one more maybe

Away from me, but I just can't help thinking
Maybe, you could be the one that makes me
The one that breaks me, but baby, baby,
I don't want one more maybe

She's right, even when she's wrong
I swear I knew this all along
She's got intelligence worth my two cents
and ohhh it's not a lie
no telling what, what those words can hide
Baby, you're just one more maybe

Away from me, but I just can't help thinking
Maybe, you could be the one that makes me
The one that breaks me, but baby, baby,
I don't want one more maybe

I act so close in love, that I taste you on my lips
So close, that we couldn't help but kiss
Reality is so much better than our dream
If only you were, one more maybe
Away from me, but I just can't help thinking
Maybe, 'cause you won't be the one that makes me
The one that breaks me, but baby, baby,

You're one more maybe
Away from me, but I just can't help thinking
Maybe, you could be the one that makes me
The one that breaks me, but baby, baby,
I don't want one more maybe
