You're the mystery I just can't find
You're the history hidden in between the lines
You know how you are with me
But I wish that you could only see

Cause I can't sleep, I'm dreaming way too loud
And I can't breath, when you're around me
And I don't like to compromise
But when I look in your eyes
I see where my heart will always be

And I love the way your hand fits in mine
It knows no better
But I hate the way, the way that I feel
When we're not together

If I'm the song then you're the melody
If I'm the tune then you're my perfect harmony
No words cant seem to change your mind
I'm yours sign on the dotted line

Cause I can't sleep, I'm dreaming way to loud
And I can't breathe, when you're around me
And I don't like to compromise
But when I look in your eyes
I know where my heart will always be
We're in a stalemate, this is more then I can take
Why can't you see what you have in me?
For once, be true
You know that I'm good for you
You let me go and you'll always know

That you can't sleep, you're dreaming way to loud
And you can't breathe, when you're around me
And I don't like to compromise
But when you look in my eyes
You'll see where your heart will always be

And I love the way your hand fits in mine
It knows no better
But I hate the way, the way that I feel
When we're not together

And I love the way your hand fits in mine
It knows no better
But I hate the way, the way that I feel
When we're not together
