You and I
We're floating in a kaleidoscope of lies
I wanna break free
Cause its really scaring the hell outta me

Gotta decide
Whether or not you believe all those lies
Just take it from me
They've got a strangle hold on the way we sleep

And the sunrise paints the skies red with shame
And you wake up find the whole world's gone insane
But if you hide yourself away
Well I say, hey
You've only got yourself to blame

And tell me why
You dress the truth in a velvet disguise
Well take it from me
They got a strangle hold on the air we breathe

And the sunrise burns the sky red in shame
And you wake up to find the whole world's gone insane
But if you hide yourself away
Well I say, hey
You've only got yourselves to blame

Look at yourself, you've only got yourselves to blame
Well you think you walk on water,
I wanna tell you baby,
I can't stand to live inside your nightmare any more

You can spin your web of anaesthetic dreams
But you'll never break me
You can never shake what I believe
What I believe, I believe

And the sunrise fills the sky full of rain
It'll hide the tears that wash away my pain
But if you hide yourself away
Well I say, hey

You've only got yourselves to blame
You've only got yourselves to blame

Well you always knew
I wanna tell you baby
I can't stand to live inside your nightmare any more

I'm floating in a kaleidoscope of lies
I wanna break free
Cause its really scaring the hell outta me
