Now that she's back in the atmosphere
Drops of Jupiter in her hair
She acts like Summer
and walks like rain
Reminds me that there's a time to change
Since her return from her stay on the moon
She listens like Spring
and talks like June

Tell me did you sail across the sun
Did you make it to the milky way
to see the lights are fadin'
and that heaven is over rated
Tell me did you fall from a shooting star
one without a permanent scar
and then you missed me
while you were lookin for yourself out there.

Now that she's back from that soul vacation
Tracin her way through the constellation
She checks out Mozart
while she does Tae Bo
reminds me that there's room to grow
Now that she's back in the atmosphere
I'm affraid that she might think of me as
plain ol jane tell a story about a man who was too afraid
to fly
so he never did land
and tell me did the wind sweep you off of your feet
Did you finally get the chance to dance along the light
of day
and head back to the milky way
Tell me did Venus blow your mind
Was it everything you wanted to find
and then you missed me while you're lookin for yourself
out there

Can you imagine you love fried, deep fried chicken
Your best friend always stickin up for you
even when I know you're wrong
Can you imagine your first chance

freeze dried romance
5 hour phone conversation
The best soy latte that you ever had in me

Tell me did the wind sweep you off your feet
did you finally get the chance to dance along the light
of day
And head back toward the milky way
tell me did you sail across the sun
did you make it to the milky way to see the lights are
fadin
and that heaven is over rated
tell me did you fall from a shootin star
one without a permanent scar
and then you miss me while you're lookin for yourself
