I can hear you downstairs crying on the phone  
Telling someone that I'm here but you still feel all alone  
Maybe we were too young, goodbye, I've gotta go  
I can hear the baby waking up, got to get back to the  
life I know

I should have never believed him

Maybe I should just leave him

Maybe I'm not but you're all I got left to believe in  
Don't give up on me, I'm about to come alive  
And I know that it's been hard and it's been a long time  
coming  
Don't give up on me, I'm about to come alive

No one thought I was good enough for you, except for  
you  
Don't let them be right after all that we've been through  
'Cause somewhere over that rainbow  
There's a place for me, a place with you

Maybe I'm not but you're all I got left to believe in  
Don't give up on me, I'm about to come alive  
And I know that it's been hard and it's been a long time  
coming  
Don't give up on me, I'm about to come alive

In every frame upon our wall lies a face that's seen it all  
Through up's and down's and then more down's  
We helped each other off of the ground  
No one knows what we've been through  
Making it, ain't making it without you

Maybe I'm not but you're all I got left to believe in  
Don't give up on me, I'm about to come alive  
And I know that it's been hard and it's been a long time  
coming  
Don't give up on me, I'm about to come alive

I'm about to come alive  
(Don't give up on me, I'm about to come alive)

(Don't give up on me, I'm about to come alive)
