This ain't about the things I've done
Where I've been or what I've won
Stand on your corner a thousand time
Lose what I got, keep what I find
It's about you, it's about you

This ain't about the things you say
Or how you make me feel this way
Stand on your corner a thousand time
Lose what I got, keep what I find
It's about you, it's about you

And when I get this feelin'
It's hard for me to come back down
When I get this feelin'
It's hard for me to come back down

And I could be
That everything you need
And I know this could be
That free fall back to me

This ain't about the things I've done
Where I've been or what I've won
Stand on your corner a thousand time
Lose what I got, keep what I find
It's about you, it's about you
It's about you, it's about you

And when I get this feelin'
It's hard for me to come back down
(Don't stop comin' down, ah)
When I get this feelin'
It's hard for me

'Cause I could be
That everything you need
And I know this could be
That free fall back to me

But keepin' you ain't easy
With everyone that sees me

Tellin' me get back on the ground
It never could be easy
Instead of you just pleasing me
You're keepin' me down

This ain't about the things you say
Or how you make me feel this way
Stand on your corner a thousand time
Lose what I got, keep what I find
It's about you, it's about you
It's about you

And I, I could be
That free fall, come on jump to me
And I could be
That everything you need, yeah
And I know this could be
That free fall back to me

And I could be
Come on jump to me, yeah, yeah
And I could be
Come on jump to me
