Well this is just between us  
But between us let's get high  
In pictures I have seen her and to see her is truly fine

She's on fire  
She's on fire, ooo ooh

Flowers in her evening set  
I get the feeling she won't forget  
And there's times you'd long to be her  
But to be her is surely blinding

She's on fire, she's on fire  
She's on to me and now I'm over me  
She's on fire, ooo

And if I could be inside her light  
I would steal enough to make my way into the night  
And if I could be inside her light  
I might just find I'd be alright

Well it's not just a daydream  
If you decide to make it your life, your life  
And this is not between us  
But between us let's keep getting back to where it's  
from

She's on fire, she's on fire  
She's on to me and now I'm over me  
She's on fire

She's on to me and now I'm over me  
She's over me and now I'm over her  
She's on fire  
She's on fire  
She's on fire
