## "Sweet Rain"

I remember when every other day was bad  
You were my brother, so tall was all you had  
Well, Sireno was dead but we had you instead  
Now I remember our precious petting zoo  
Our delicate high school and all the things we said  
we'd do

They all fall like, Sweet Rain  
Wet my memory, Sweet Rain  
Come on down on me

It wasn't hard to look ahead  
You wanted to be me instead  
I wanted to be you instead but  
I fell and you fell back  
What is wrong with me, well what is wrong with you,  
Jack?

Everybody knew she was coming, Everybody knew she  
was  
coming, everybody knew she was . . . , everybody knew  
she was.  
Yeah, Sweet rain, wet my memory, sweet rain, come on  
down, you got to come on down on me

The big screen got in between, what it was and what  
we've seen  
How have you been? What have you been? I think about  
you  
Now and again, I think about you now and again, I think

about you every single day  
Well, shit I'm thinking about you right now

And I wish that you knew all the things you do.  
And how I love you, like a brother loves a brother,  
like a mother loves her friend.  
You tried to save my life. You tried to save my life.  
And I thank you.  
But I have to do what I have to do, to get back here  
right next to you and I had to steal what I had to  
steal to get myself back to being real.

I had to grow in ways that I didn't want to know.  
And you tried to save my life, you tried to save my  
life.

I thank you brother.  
Cause now I know so much more than I ever knew  
before I  
fell, and fell and fell and you picked me up just like  
before.  
You saved my life. You keep saving my life. You keep  
saving my life. You keep saving my life. You are like  
that sweet rain.
