Now don't look down
Cause you might just see what's in the middle
Rumour has it you've been looking for me
but there ain't much left of me to see
Now don't go down - no, no
Put your face in the place of a beetle
Your lip is about to shine
For a fee you'll be happy to be
Look at yourself child
Your the wife of a life on the street that will beat on
your back
till you wed on a track for a train in the rain
and it's coming fast
ooh ooh ooh ooh Train
You go so fast
It's a race for the place in the running
and it won't take long till it brings you down
no, I'm just a wasting, just a waisting time in the big
town
Look at yourself child
ooh ooh ooh ooh Train
mmm mmm mmm mmm mmm
Well, it's about a quarter till four
and I'm not really here no more
Sixteen and I've been on down
and now I've got a mess
and the back of your leg starts to drag down my,
starts to drag down my, down my street
here it goes again - yeah, yeah
Look at yourself girl, look at myself boy
look at yourself girl, look at yourself girl
look at yourself world, look at yourself child
Your the wife of a life on the street that will beat on
your back
till you wed on a track for a train in the rain
and it's coming fast
ooh ooh ooh ooh Train
Your the wife of a life on the street that will beat on
your back
till you wed on a track for a train in the rain
and it's coming fast
