I've lost some good friends along life's way
Some loved ones departed in heaven to stay
But thank God I didn't lose everything
I've lost faith in people who said they cared
In time of my crisis they were never there
But in my disappointment, in my season of pain
One thing never wavered, one thing never changed

I never lost my hope,
I never lost my joy
I never lost my faith
But most of all, I never lost my praise

My praise still here,
My praise still here

I've let some blessings slip away
When I lost my focus and went astray
But thank God I didn't lose everything
I lost possessions that were so dear
I lost some battles by walking in fear
But in the midst of my struggles, in my season of pain
One thing never wavered, one thing never changed

I never lost my hope,
I never lost my joy
I never lost my faith
But most of all, I never lost my praise

Praise, Praise, Praise, Praise
Most of all, I never lost my praise

I kept my praise through disappointment
And I kept my praise through every tear
I held on to my praise through persecution
For in my praise God was near

Most of all, I never lost my praise

My praise still here,
My praise still here

Can I testify a little bit
Now I went to the doctor
And the doctor told me
That I needed to remove a large tumor
And that it could be cancers
But I kept on praying
And I kept on praying
And when the surgery was over
There was no cancer found

Thank Lord for my praise
I thank you Jesus for my praise
I kept my hope
I didn't let go of my faith
The devil tried to stop it, tried to tell me I'll never record
again, but he's a liar
So excuse me for a minute while i make the devil mad
Can I make him mad

Help me say
HAL LE LU JAH
HAL LE LU JAH
Praise is still here
I never lost my praise
