I was sitting in a cafe terrasse

Looking at faces  
the fashioned style.  
You caught your heel in the sidewalk grill

You turned your head and I saw your smile.  
You stopped a taxi and you stepped inside

You closed the door and away you went.  
You caught my heart when I looked in your eyes

Your face is photographed in my head.  
Call me  
just to tell me your name

Didn't you get my message on the radio?  
Call me  
just to tell me your name

...

I dropped a quarter in a telephone booth  
called radio csqo

The Dj laughed at me but said ok

I'm gonna send you a message on my show.  
Call me  
just to tell me your name

...

Call me  
just to tell me your name

...

Call me  
just to tell me your name

...

Saturday night the downtown life

I was wandering about  
nothing really to do.  
When I saw your eyes  
I felt the passion inside

Don't you hear my voice in the night?

Call me

just to tell me your name

...

Call me

just to tell me your name

...

Call me

just to tell me your name

...
