(lyrics by Lorenzo Esposito e Paola Valandro)

expired time, you trick  
not fine this bed of thorns  
IÂ've lost my time on useless white papers  
I get so tired of listening to you bad friend  
I donÂ't care about stupid jokes  
that pretty smile on your face  
mind you, better you go your own way  
you say words and words and words and words  
Leave me

can you stop the pain  
do you mind to shake your brain  
close your eyes again  
you keep on wasting time away  
do you mind if I break your head  
IÂ'd like to know if thereÂ's anybody in there  
Â'cause nothing else can bore me like you  
you scream and laugh and laugh and laugh  
fuck you

every day words rewind old stories  
(day by day) words rewind old stories

do you mind if I launch a lull of cuss  
lull of cuss I never done before  
I have a list a copybook full of a lot of cuss  
lull of cuss IÂ've never done before.

treasureÂ's hidden in the corners  
close the windows, it could fly away  
the remain cover our bareness  
silent sex is a good remedy  
do you mind to turn the lights?  
do you mind, yes, do you mind?  
do you mind to close the door?  
do you mind, do you mind?  
are you trying to hear me  
sleep for ever little sheep  
IÂ'll take care of you  
IÂ'm here to cook  
are you trying to hear me

no one innocent can lie  
be calm, Iâ€™ll sing for you  
my nightly lullaby
