Written and composed by rod temperton, 1979.
1st verse
There's a steam beat
And it's comin' after
you
You can take it
If you only let your feelings
through
Refrain
So d.j. spin the sounds
There ain't no
way that your gonna
Let us down
Gonna dance
gonna
burn this disco out
Chorus
Groove all night
Keep the
boogie alright
Get that sound
Everybody just get on
down
2nd verse
Got a hot foot
Better freak across the
floor
Join the party
And we?ll keep you movin', that's for
sure
Refrain
So d.j. spin the sounds
There ain't no
way that your gonna
Sit us down
Gonna dance 'til we burn
this disco out
Chorus
Groove all night
Keep the boogie
alright
Get that sound
Everybody just get on
down
Bridge
Once you get the beat inside your
feet
There ain't no way to stop you movin' good
Now
the weekend's come
it's time for fun
You got to groove
just like you know you should
3rd verse
People now
Are
you ready
Won't you rock across the room
Got a feelin'
That we're gonna raise the roof off soon
Refrain
So d.j.
spin the sounds
There ain't no way that your gonna
Sit
us down
Gonna dance 'til we burn this disco
out
Chorus
Groove all night
Keep the boogie alright
Get
that sound
Everybody just get on down
Refrain
So d.j.
spin the sounds
There ain't no way that your gonna
Sit
us down
Gonna dance 'til we burn this disco
out
Chorus
Groove all night
Keep the boogie alright
Get
that sound
Everybody just get on down
Chant:
Gonna
dance, gonna shout
Gonna burn this disco out
Gonna
dance, gonna shout
Gonna burn this disco out
Gonna
dance, gonna shout
Gonna burn this disco out
(ad-lib to
fade)
