A ray of hope flickers in the sky  
A tiny star lights up in your cry  
All across the land dawns a brand new morn'  
This comes to pass when a child is born

A silent wish sails the seven seas  
The winds of change whisper in the trees  
And the words of doubt crumble, toss and turn  
This comes to pass when a child is born

A rosy hue settles all around  
You've got the feel You're on solid ground  
Who first fell up no one seems forlorn  
This comes to pass when a child is born

And all of this happens because  
The world is waiting, waiting for one child  
Black, white, yellow  
No one knows but a child that will grow up  
And turn tears into laughter  
Hate to love, war to peace  
And everyone to everyone's neighbor  
And misery and suffering will be words  
To be forgotten forever  
It's all a dream illusion now  
It must come true sometimes soon somehow  
All across the land dawns the brand new morn'  
This comes to pass when a child is born

Hum, all across the land dawns a brand new morn'  
This comes to pass when a child is born
