Open up my eyes
So I can see that there is more out there
Than you and me..
I know there's something better.
But still this idea is stuck inside my head
I can see your cheeks start turning red
As I walk by.

And it's too bad
That I regret the day I left.

A place called Carolina it's where,
We run to forget all of our problems.
Let's go to Carolina without,
A perfect reason just as long as..
We don't go home.

Breathe in..breathe out.
So I can suffocate
These feelings that will never go away.
Open up my eyes..fill my head with lies
So I can live without you.

Storm moves in and washes away
The days we had soon were forgotten
Until we go..
